A blacksmith shop at heart, Ironhaus doors and faces are handcrafted meticulously by artisans in Montana.

Ironhaus doors are more than just pretty faces. Glass doors provide better control and much more efficiency than an open fireplace. Mesh doors on gas fireplaces offer protection from high temperature glass.

Luxury, quality fireplace doors for masonry, gas and wood fireplaces are hand forged from 1/4” thick bar steel.

Visit www.ironhaus.com to find an authorized Ironhaus Dealer in your area.
